Meet your Business Print Hero!

The OKI C650 is a smart, powerful, business A4 colour printer that doesn't compromise on cost effectiveness, productivity or efficiency.

For organisations where space is at a premium, buying a compact printer traditionally meant compromising on quality, productivity or running costs. Not anymore. The C650 delivers the performance, media handling and cost-efficiency of a professional device, in the format of an A4 colour desktop printer.

In this current business climate, it's more important than ever to have a hero on your side!
